

**"If the Lord do not change. So you, O
descendants of Jacob, are not destroyed."**

Malachi 3:6

Imagine all the changes there have been in the last 100 years and all the changes that have happened in your short life span. A hundred years ago the following were true:

- Only 14% of homes had bath tubs
- Only 8% of homes had a phone
- There were only 8,000 cars and 140 miles of paved road
- The average person earned 22 cents an hour
- 90 per cent of the doctors did not have a college education
- Sugar was 4 cents a pound
- Eggs were 14 cents per dozen
- The American flag had 45 stars
- The population of Las Vegas was 30

Things sure have changed a lot since then and many in our congregation are old enough to remember this. Can you imagine what it will be like in another 100 years if we are still around? If you watch the history channel they have a program they show often about the 8 things that could destroy our world. Changes they say could alter life here on Earth in a very dramatic way.

There is something that you and I need to remember. Our God never changes. Our God continues to watch over and protect us from all the changes that this world offers up to us. No matter what changes may come our way God will be there. As we look ahead to the next 100 years in the future, remember to look UP to the one who holds that future. God never changes.
